

CATHOLICS MAY BECOME MASONS

PAPAL DECREE REMOVES BAN ON SECRET ORDERS.

Previous Edicts Are Repealed, and 'Masons May Have Standing in the Church and Receive Burial in Consecrated Ground—A Long Stride Made Towards Liberalism.

A Roman Catholic may now become a Free Mason without incurring the censure of his church. A papal decree has just been issued rescinding the long-standing ban against secret societies, and especially against the Masons.

The decree just issued from Rome permits the interment of Roman Catholics in consecrated ground though they belonged to secret societies, and particularly to the Masonic order and is considered to be as sweeping as the original decree excommunicating those who did not resign from such orders and organizations. It nullifies the drastic decree of seven years ago, and it is claimed will reconcile hundreds of Roman Catholics to the church who were banished because of their affiliation with the Free Masons.

Among the Roman Catholics the decree means another triumph for the liberal school of American Catholicism, in that the Italian clerics who have hitherto controlled affairs in the Vatican have at last recognized a different condition in the church in the western hemisphere than obtains in the continent of Europe.

To a Roman Catholic the decree is just as sweeping as the one which it virtually wipes out of existence. The new decree allows a priest to officiate at the burial and permits the interment of a Roman Catholic Mason or Knight of Pythias in consecrated ground. The only provision made is that the deceased must not have been openly hostile to the church, and that he must have expressed at some time, even indirectly, a willingness to become reconciled to the church. This concession means everything to the families of the men who thought it was consistent with their faith to belong to such orders, notwithstanding the original drastic decree. It is said it will heal many painful wounds and will have a great effect in preventing bitter feeling and dissension. If a deceased Catholic who belonged to a secret order may be buried in consecrated ground, it is contended that the church will open its doors to him before he dies and that he will be no longer banished and refused the rites of the church, even though he does not give up his membership in the order to which he belongs.

Gen. Miles Now Arrested.
Washington, Nov. 15.—The friction between Alger and Miles has been further evidenced by the publication by a local paper of an alleged order issued by Gen. Miles which he omitted from the report. This order is said to have directed an invasion of Cuba during the rainy season. Secretary Alger confirmed the story that such an order was issued at Gen. Miles' suggestion.

COMPETITION OF PRISONERS' LABOR

EFFORT TO ASCERTAIN ITS EFFECT ON INDUSTRY.

Legislative Commission Is Now Inquiring Into the Matter—Several Witnesses Testify in Milwaukee—It Is Proposed to Go Into the Question Thoroughly.

Milwaukee, Wis., Nov. 15.—The investigation of the prison-labor problem, ordered by the last legislature was begun today by the prison labor commission appointed by Governor Scofield, under the provisions of the law. The commission consists of David C. Green of Milwaukee, B. A. Belfington, of Eau Claire, and J. L. Sturtevant of Waupaca. All the branches of manufacturing affected by prison-labor competition will be given a hearing before the commission, and that is the main purpose of its meeting.

Frank J. Miller, treasurer of a shoe manufacturing concern of Racine, was the first to address the commission. He presented his views on the manufacture of shoes and other articles in state prisons from the competition point of view, and his theory was that competition should be minimized as much as possible. He advocated capital punishment in Wisconsin, which would reduce the population of the prisons. He also condemned the use of machinery in prisons, and advocated confining prison labor to work by hand, the advantages of which for prisons were obvious, because the prisoners would learn trades and be able to find employment. The prisoners, under the present system of prison employment on boots and shoes, could learn nothing that would be of value to them after being released.

In the afternoon L. B. Royce, of the Northwestern Manufacturing company of Fort Atkinson, spoke of the destructive effect of prison labor upon the manufacture of chairs. The Shoemakers' union will be given a hearing tomorrow, and the chair manufacturers will appear before the commission on Thursday. H. H. Hart, of Chicago, superintendent of the Illinois Children's Home and Aid society, will address the commission on Friday.

To Help the Man Who Fought.

Washington, Nov. 15.—Secretary Long has completed that portion of his annual report recommending to congress that it amend the civil service laws so as to permit preference to be shown to applicants for appointments who have served in the Spanish war. Preference is now shown to civil war veterans, but the secretary feels that such preference should now be extended to those who participated in the recent struggle. It is believed that a measure adopting the recommendation will be passed.

TO GOVERN THE NEW COLONIES

THE PRESIDENT HAS A PROGRAM OF HIS OWN.

He Does Not Believe They Are Qualified For Self Government—Schley Will Command the European Squadron—Havana Narrowly Escaped Anarchy.

Washington, Nov. 15.—[Special]—Persons near the president say that he has a program relative to our newly acquired territory which he will formulate in his message to congress. It is based on the ground that the American people are not sufficiently informed about Porto Rico and the Philippines to decide off hand whether they should be treated as territories or as colonies somewhat after the British system. Many Americans believe the natives of the conquered islands are not suited to be taken into full membership in Uncle Sam's family. The president has held that position, at least towards the Philippines, and his reluctance to take all the Philippines was based on the low civilization of their inhabitants. If the islands are given territorial governments like those of Arizona and New Mexico, it is feared some political emergency may force them into the union as full-fledged states long before they are fitted for statehood.

THE LORD ON OUR SIDE.

Gen. Breckinridge Gives That as the Reason Why We Won.

Washington, Nov. 15.—[Special]—Gen. Breckinridge testified before the war investigation committee today. He said he thought the quick success of the war was due to the Lord being on the side of the United States rather than to the ability of those in command. He testified that the transports were not properly fitted out, and insisted that the government should have done better by the soldiers. He blamed everything on the laws, and believed the government had done the best it could, but it was not one-fourth what should have been done for the volunteer army. When asked if Shafter had asked him to take command at Santiago he said he would rather other people would answer, Gen. Lawton, for instance.

TWO LOCAL FIRMS DUPED BY FORGER

ALLEGED PAINTER WORKS TOWN WITH SUCCESS.

H. Hoffmaster & Son and Edward Hall are Each Minus Goodly Sums—He Purchased Underwear in Both Instances, and Presented Similar Checks.

H. Hoffmaster & Son, the South Main Street dry goods firm, are minus a \$1.25 suit of men's underwear and \$12.25 as the result of a forged check.

Edward Hall, the West Milwaukee Street merchant, is also a victim to the amount of \$12 and a suit of men's \$1.50 underwear.

Both forged checks were passed Saturday evening, and the nature of the checks was not discovered till they were presented at the First National bank yesterday. In both instances the same person acted as forger, for the description given the police by Mr. Hoffmaster answers that given by Mr. Hall. He had the appearance of a workman and his coat was daubed with paint. His checks were the same, and bore the same handwriting, being on the First National bank of this city, made payable to "H. N. Carey," and signed "E. J. Kent & Co." The stranger was asked to endorse the checks, and he did so, signing his name "H. N. Carey" on the back.

Saturday evening between 6 and 7 o'clock, "Mr. Carey" walked into H. Hoffmaster & Son's store and asked to see a suit of underwear. He was easily pleased, and finally selected one at \$1.25, presenting in payment a check for \$13.50. Henry Hoffmaster, after carefully looking the check over, cashed it. "Mr. Carey" tried the same scheme on Mr. Hall, who conducts the general store at 55 West Milwaukee street, with the same results.

Last evening a stranger appeared at the jail and was given a night's lodging. He had on two suits of underwear, but the police say that he is not the party wanted. At a late hour this afternoon Chief Hogan had secured no clue of the party, and the chances are that he is many miles away.

WAITING FOR UNCLE SAM'S RATIONS AT CAVITE. FROM HARPER'S WEEKLY

Reproduced from Harper's Weekly. By Permission. Copyright, 1898, by Harper & Brothers.

The streets of Manila present an active appearance these days when the American army is occupying the place. All the shops are open, the natives, Spaniards, and half-breeds through the thoroughfares mingling with our boys in blue. Good natured soldiers these boys in blue are too, listening all too readily to the wily tongue of the persuasive bargainer, and purchasing many a ticket that is probably worthless. Spanish, German and English merchants of Manila repeatedly state that if the United States are to retain the Philippines, they will remain in business, but, if not, they will retire. The

American soldier eats his rations day by day, and performs those duties required of him by his government and cares not whether school keeps or not, as far as the shopkeeper is concerned. His one principal object is to see that his stomach is well filled. Our picture, taken from Harper's Weekly, will give you a fair idea of how our soldiers are fed in this far away land. On a wharf at Cavite are the large store houses, and nearby at anchor the huge transport lay ready to discharge or take on cargo. You can see the large group of quartermasters of the different regiments all patiently waiting to receive the rations. When this

picture was taken the number of rations, to be distributed was something like 135,000. These rations are carted away by the officers to the different stations, and there prepared and distributed.

Our soldiers do not like the natives. In fact, they heartily despise them, and are much inclined to treat them in a bullying sort of way. This the native has brought about by his lying and cheating, despicable traits that do not go down with an American. And then, feeling that he has been unjustly dealt with, he fiercely resents the rough manner of our soldiers.

have you got your corn all in?" H. P. Jennings delivered forty hogs to Clarke Bros. today at \$3.25. George Bacon reports to friends here that he has failed to see any deer yet at Elcho Lake. One of our boys says he has eighty acres fall plowed. Mrs. Flora Rice is visiting her parents at Whitewater. Mrs. Daisy Bingham spent Saturday and Sunday with her sister, Mrs. Bacon, at Milton.

Miss Della Tolles closed a successful term of school in the Forest Academy last Friday. The afternoon program was very good. School also closed in the White Star district. The Wilder school resumed work Monday, having been closed a week, on account of election being held in the school house. Mrs. Benjamin Davis, who has been very ill, is much improved. Mr. and Mrs. Ed. Griffith spent last Wednesday in Janesville. C. M. Davis and family visited at Henry Sperry's recently. Friends of Ernest Don are grieved to learn that he lost one of his arms while working with a corn shredder, last week. Curt Pierce has been visiting relatives near Porterville the past few days. The town of Porter went republican by a large majority. Alas! for some of the poor democrats, they carry some very long faces.

Chadey has sold his Yankee Notion wagon and will attend to the oil business and nothing else. Jerome Shimeall went to Chicago on Saturday on business. George Dean will start for the northern part of the state soon with a carload of horses. Chas. The horse may get over his lame neck, Mrs. Resigue has been very sick the past week.

New Figs

We have just received a large invoice of California washed figs, this year's crop, put up in 3, 4 and one pound boxes. A very choice variety. The 3 lb. boxes are 15c, 4 lb. 20c, and the 1 lb. boxes 30c. We also have the 1 lb. packages at 20c. They are the Olive Grove brand and the choicest American grown fruit. Fancy new Smyrna figs 25c per pound. The fig crop of the entire world is only about half what it was last season, consequently the price is almost double. The chances are that before another crop, there will be no figs at any price. The fruit is scarce. Sanborn.

OUR LAST WORD TO SPAIN.

Must Agree to Our Conditions at Once, or Fight.

CAN BE NO FURTHER DELAY.

At the Session Wednesday the American Commissioners Will Present an Ultimatum to the Spaniards—Monday's Meeting Was Postponed.

Washington, Nov. 15.—Chairman Day and his colleagues will present a note to the Spanish commissioners on Wednesday peremptorily demanding the relinquishment by Spain of sovereignty over the Philippines.

The administration is tired of Spanish procrastination, and intends that the matter shall be settled promptly. The president is also desirous of completing that portion of his message relating to the Spanish negotiations in order that it may be ready to be presented to congress when that body convenes next month.

It has been learned definitely that the instructions which were sent to the peace commissioners on Saturday last were very emphatic in declaring that there should be no further discussion of the question of the right of the United States to take the Philippine islands, but that Spain should finally announce whether or not she would agree to the American demand to cede the archipelago.

It is expected that the Spaniards will withdraw on the plea that they consider it necessary to consult their government, and an adjournment for a few days will be permitted, but at the next sitting of the commission, if the Spaniards continue to press the discussion of the question, an ultimatum will be submitted which will finally determine whether this government shall peacefully or forcibly possess itself of the Philippines.

SPANIARDS ASK FOR TIME.

Joint Session of the Peace Commissioners Is Postponed.

Paris, Nov. 14.—Secretary Moore of the United States commission received from Secretary Ojeda of the Spanish commission a note saying the Spanish commissioners had found it impossible to prepare their memorandum for presentation Monday and asking if the United States commissioners would be inconvenienced if, owing to the late arrival from Madrid of expected data, the Spaniards should request that the next meeting be deferred until Wednesday. Secretary Moore replied that the American commissioners were quite ready to accommodate the Spaniards in this matter, and the joint session was deferred until Wednesday next.

Importance is attached to this delay, it being regarded as indicating that the Spanish commissioners are preparing for a final stand in these negotiations, and it may now be definitely stated that they will not sign a treaty of peace which yields to Spain no more from the Philippine islands than has thus far been offered or indicated by the Americans. Should the latter announce that the United States is only willing to reimburse Spain for her pacific expenditures in the Philippine islands, the Spanish commissioners will reply that their mission is finished. Should this occur it is possible the Spaniards will also suggest a suspension of the negotiations through the commission and a resumption of negotiations between Madrid and Washington.

One-Half of Spain Gone.

Madrid, Nov. 15.—Aragon has now joined with the other provinces of Spain in demanding the decentralization of the government, on which subject a Catalonian deputation was received in audience by the queen regent Monday. The Aragonians, in presenting their demands, point out that the "Anglo-Saxons of America, aided by the Anglo-Saxons of Europe, have obliterated half of Spain from the maps."

Spain Advised to Yield.

London, Nov. 15.—The postponement of the meeting of the Paris peace commissions is much noticed here, and it is felt that the position is not capable of standing a much greater strain. The Standard, in an editorial, appeals again to Spain to accept the inevitable, declaring that it would be sheer foolhardiness to compel her antagonist to deal a final stroke.

No Appeal to Powers.

Berlin, Nov. 15.—A high official of the German foreign office asserts that no communication or negotiations have occurred between the powers regarding the Philippine question. Germany, he says, has only commercial interests to protect there.

Taylor Breaks a Cycling Record.

Philadelphia, Pa., Nov. 15.—The one-third mile record was added officially to the string of Major Taylor Monday. He had twice lowered it previously in other trials, and Monday tied his best previous known time when he did 29 4-5, the former mark being held by Willie Windle at 30 1-5, made at Chillicothe in the fall of 1895. Taylor did 29 4-5 in the first third of his one successful mile trial of 1:32 on Saturday.

GENTS:—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

Cotton Mills Reopening.

Warren, Mass., Nov. 15.—The cotton mills at West Warren, which have been bought by the Thorndike company, opened one room Monday, and the event was noted by the townspeople as the beginning of a more prosperous era. The mills have been shut down for two years. When running at full capacity the mills employ over 500 people. The new owners are perfecting plans for starting up the entire plant by Jan. 1.

Marshal and Sheriff Clash.

Fargo, N. D., Nov. 15.—There was a conflict of authority between Deputy United States Marshal Sheehan of St. Paul and Sheriff Billings of Fergus Falls over the custody of six alleged train-robbers arrested in Moorhead. The latter won and will get the prisoners. The evidence at hand makes it almost certain that they are the men who robbed the postoffice at Abercrombie, N. D., recently.

The Evidence of Our Senses.—What Janesville People Say Is Pretty Good Proof For Janesville People.

Or distant mutterings from California. No deceiving echoes here. Janesville talk about Janesville people. Public opinion published for the public good. There is no proof like home proof. Home testimony at the back of every box of Doan's Kidney Pills. Can you believe your neighbors? Read this statement made by a citizen:

Mr. E. T. Fish, of 355 Racine St., proprietor of the Fish Dray Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined, under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the Janesville Drug Co. store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

NEWS FROM THE COUNTY.

North Johnstown

North Johnstown, Nov. 15—A gloom has rested upon this entire community since the death of Mrs. Henry Gray, which occurred Sunday morning about 10 o'clock, after an illness of two weeks of appendicitis. Monday of last week an operation was performed, which it was greatly hoped would prove successful, and she seemed to be doing well until Saturday morning, when she was suddenly taken worse and in twenty-four hours death ensued. She was fifty-four years, four months and twenty-one days old. Mrs. Gray was possessed of a cheerful disposition and bore her suffering patiently, and talked calmly with those gathered about her bedside, when she knew she could not recover. For many years she had been a member of the Free Baptist church of this place, and lived a consistent christian life. She was also a member of the Harmony W. C. T. U., and was greatly beloved and esteemed by all who knew her. Upon the home circle this great and sudden bereavement falls with a crushing weight which seems almost unbearable. She leaves a husband and two daughters, Mrs. Ina Holmes and Ethel Gray, one sister, Mrs. Richard Cary, and three brothers, William, Farin and Henry Osborn, besides a large circle of other relatives and friends to

mourn her loss. Funeral services were held at the house Tuesday at 11 o'clock, Rev. J. C. Steele officiating. The interment was in the cemetery in this place where many of her relatives and friends are buried. Mrs. Wm. Cunningham has been under the doctor's care for a week past with neuralgia. Miss Maud Jones, daughter of Marvin Jones, who formerly resided here, now of Chicago, attended church services here Sunday. W. C. Aldrich's family attended the rally of Young People's societies at Richmond Sunday. An addition is being built to the residence of T. E. Rice. Mrs. Ida Brotherton, of Milton, has been at Charles Fox's for a few days past. Remember the W. C. T. U. meeting with Mrs. Lillie Aldrich Thursday afternoon. Mrs. Eugene Cary was able to be out to church Sunday. Milton Junction has a great attraction for a young man of this place, especially Sunday evenings. Mrs. P. A. Brotherton has been spending several days with friends in Milton. Frank Rice and wife were at Richmond Sunday. Henry Gray has nearly completed a large and commodious barn for his sheep.

County Line

County Line, Between Rock and Dane, Nov. 15—The Belle and Butler steam thrasher did some nice work for Emmett Shaw on Friday, threshing 1,000 bushels of oats and 200 bushels of wheat. William Attlesley has the finest crop of corn in southern Wisconsin, many of the ears averaging 1,200 kernels. Fred Blank has a new steel mill erected by Ebbott, of Edgerton. It is called the Woodmansee and is a beauty. Howard Wentworth has a new Monitor steel mill erected Saturday last by Jay B. Shaw, of Edgerton. It is a very nice looking mill. William Tyler, the popular milk man, comes out this week with a new covered wagon that is one of the nearest milk wagons in the county. The cover was made by Frank Herrick, of Edgerton. There is a great demand for new milkers around here. They sell for from \$40 to \$50 each, and are scarce at that price. We are all looking for tobacco buyers. Why don't they come? Charles Sern delivered a nice lot of hogs in Edgerton. The price was \$3.15 per hundred.

City's Health Is Threatened.

New York, Nov. 15.—The health of the city of Havana, says the same authority, is said to be threatened. Dr. Brunner asserts that this condition is due to the fact that large numbers of soldiers are quartered in the streets.

MORE REVENUE IS NEEDED.

Congressman Dingley Would Keep Up Taxes.

PLAINLY STATES THE REASON.

Chairman of the Ways and Means Committee Says the War Measure Must Continue in Force—He Does Not Expect an Extra Session.

Washington, Nov. 15.—The Washington Post says that the war tax will not be abolished at the coming short session of congress and that there will be no revision of the tariff whatever. It bases this announcement upon the positive statement made by Chairman Dingley of the ways and means committee, who, in an interview, says: "The government will need for some time all the revenue produced by the war taxes. During the month of October the war expenditures exceeded the war revenue by some \$14,000,000, and this month they will be \$10,000,000 in excess. This being the case, there will be no changes at least this fiscal year. The war revenue act will continue in force and unchanged, except perhaps in a few minor administrative features, for at least a year longer.

"It is hardly necessary to add," continued Mr. Dingley, that there will be no revision of the tariff, although I have seen some statement to the effect that such a revision is contemplated.

"The session is limited to three months, and that short period will be mainly occupied in passing the appropriation bills, in enacting new laws for the regular army and in deciding upon the legislation necessary for the government of Hawaii. In addition to these important matters, the usual number of routine matters will arise. From the present outlook the session will be well under way before the treaty of peace with Spain will be laid before the senate, and the ratification of that document may not be accomplished long before the 4th of March arrives."

"Will that necessitate an extra session?"

"It is, of course, impossible," said Mr. Dingley, "to know what will arise between Dec. 1 and March 4, but so far as the present outlook can form a basis for judgment I should say that no extra session will be necessary or desirable, unless some new questions should arise."

Fear Trouble in Havana.

Havana, Nov. 15 (via Key West, Fla.)—Havana is still under great alarm, as it is said that now the regulars are also displeased over the treatment they receive from the government, and they declare that if the order public forces, which were disbanded yesterday, are paid they also will insist upon their claims, as they have suffered more than the order public during the war. All this means that the regulars are arranging some excuse for a reason to strike at the government.

Claims to Find Trichinae.

Hamburg, Nov. 15.—The Hamburger Nachrichten, referring to the projected meat inspection bill, says: "The Americans ought to be glad that Germany forces them to adopt her own methods of meat inspection. Hitherto American inspection has been untrustworthy. So far as the threat of American retaliation is concerned, America will have to prove the presence of poisons in German wines, woodens, toys and chemicals, as Germany proves the presence of trichinae in American pork."

Will Not Land in Spain.

London, Nov. 16.—A special dispatch to the Daily News from Berlin says that the emperor's yacht Hohenzollern will arrive at Cartagena on Saturday next and will remain there two hours. She will then proceed to Cadiz, where she is due to arrive at noon Sunday. She will leave Cadiz at 6 o'clock Sunday evening. It is again asserted that neither the emperor nor the empress will land at either Cartagena or Cadiz.

Killed in South Carolina.

Greenwood, S. C., Nov. 15.—Monday was another bloody day in this vicinity, three tragedies being added to those of last week. Two of them occurred in Abbeville county, near the scene of the recent rioting. One negro woman and two men, one white and one colored, were killed in the various affrays, and many persons were wounded. At least one lynching is expected to result from the slaughter.

Coloza Vote in South Dakota.

Sioux Falls, S. D., Nov. 15.—The official count has taken place in nearly every county in the state and the result is determined. Both republican candidates for congress and the republican state ticket entire have been elected by a majority of about 5,000, except governor. On that the contest is very close, and the official count of the state board will be necessary to determine.

GLASS WORKERS ARE HAPPY.

Factories at Marion and Elwood Start Up with Full Crews.

Marion, Ind., Nov. 14.—The three window-glass factories of this city started Monday morning. The differences between the wage committee of the manufacturers and the Glassworkers' association have been left to a board of arbitration. There is much rejoicing here, as the order means employment for 700 men. The factories at Fairmont and Gas City also began Monday.

Elwood, Ind., Nov. 14.—The window-glass scales were finally adjusted and the big plant at East Elwood, employing 500 hands, and the three factories at Quick City, working 600, have resumed work.

Louisville, Ky., Nov. 14.—After five months' idleness work was resumed at the United De Pauw and Alexandria window-glass works in Alexandria, Ind., Monday. One thousand men will be given employment. Quite a number of Louisville and New Albany men are employed at Alexandria. The prospects are favorable for a good season in glassmaking, and the men will be employed until next August, when the factories close for the summer.

Words Of Hope For Weak Men

Men with weakened power and exhausted vigor have been taught to believe that such cases are hopeless. They lose all ambition and give themselves up to despair. Their condition may be the results of habits, or indiscretions, or it may be to a certain extent inherited, but there is compensation in nature and there is compensation in nature and these ills are curable. Seek Dr. Greene, 148 State street, Chicago, Ill., or write him fully. He has found the glorious remedies that redeem manhood and multitudes of men testify to wonderful recuperative powers of the treatment of this great specialist. One of his wonderful discoveries is the world-famed Nervura. The advice of your local doctor you have found valueless, but world's foremost physician tells you he can cure you and restore you to usefulness. He will give you advice also utterly free, and your case will be treated with inviolable confidence. Many men have been victims of costly experiments and are skeptical, but the broad statements of this eminent physician can be trusted. Think what restored vitality would mean to you and hesitate no longer. Write to Dr. Greene and be cured.

Report on Indiana Schools.

Indianapolis, Ind., Nov. 15.—The annual report of D. M. Geeting, state superintendent of public instruction, which is ready for presentation to the governor, shows that in 1898 the enumeration was 745,945 children, and the school fund amounts to \$10,303,183.84, or \$13.81 for each pupil.

Holeproof Sox Need No Darning

A SAVING FOR MEN AND A BLESSING FOR WOMEN.

HOLEPROOF SOX are practically a new article on the market. What seemed to be impossible has been made possible. The problem that has vexed many sock makers has finally been solved after years of patient effort by the manufacturers of HOLEPROOF SOX. You cannot wear a hole in these Sox with ordinary use. The sanitary properties insure absolute antiseptic qualities. Constant wear of ordinary sox causes excessive heat to the feet. HOLEPROOF SOX avoid this. Each washing makes them softer and the most sensitive feet have entire comfort in their use.

A Guarantee:

Four pairs of these Sox will need no darning for six months if worn alternately. We positively guarantee this point.

Holeproof Sox

Seem to cost 50 cents a pair, when, as a matter of fact, they really cost only 8 cents a pair. Don't you see? They outwear six ordinary pairs. Now, six ordinary pairs cost \$1.50, while one pair of HOLEPROOF SOX costs 50 cents. 1-6 of \$1.50—25 cents. 1-6 of 50 cents—8 1/3 cents. Quite a saving, isn't it? And there's more saved than money—there's time, trouble, temper. HOLEPROOF SOX come in four colors: black, light tan, dark tan and natural grey.
